

# Macro ImageJ / Fiji

## Workshop

22<sup>nd</sup> March

1 p.m.

This workshop is open to everyone who already has used ImageJ / Fiji. You do not need to be a nerd, but should have done basic imaging operations with the software.

### You will learn:

- Basic programming routines
- The principle behind macro programming
- Learn to automatise your workflow to process routine operations automatically

A fee of 60 € applies to all participants. A 50 % discount will be given to members of groups that have a microscope within the OICE pool.

Maximum number of participants 12. Work shop location is OICE and duration ist about three to four hours.

**Bring your own notebook. Benjamin Schmid will give information on how to install latest ImageJ / Fiji version beforehand, so you can start right away.**

**Please contact him before the workshop!**

**Deadline: March 20<sup>th</sup>, 2017!**
